RE: **RCRA Corrective Action Program**
Quarterly Progress Report No. 62, 1st Quarter 2016
EPA Facility ID Number PRD090021056

Dear Ms. Guerrero:

Enclosed please find three hard copies including three digital copies of Bristol-Myers Squibb Manufacturing Company's (BMSMC) revised *RCRA Corrective Action Program Quarterly Progress Report No. 62, 1st Quarter 2016* presenting quarterly corrective action activities being conducted at our pharmaceutical manufacturing facility located in Humacao, Puerto Rico. The enclosed document has been prepared in response to the United States Environmental Protection Agency (EPA) letter dated March 8, 2017 and received by BMSMC on March 16, 2016 in which the EPA approved Quarterly Progress Report No. 62 and requested BMSMC to re-submit the document incorporating a new Attachment A to include the BMSMC response letter dated December 16, 2016 and the EPA March 8, 2017 EPA approval letter

Please feel free to call me at (787) 656-4364 or Mr. Francisco Burgos, Environmental Affairs Manager, at (787) 656-4471 if you have any questions.

Cordially,

Alvin Crespo, Director
Environmental, Health and Safety
